

Let's turn bars of **SOAP**

into bars of

immerse

SUPPLIES

- **HOPE Soap Pack**
(available on our HOPE Carts in the church vestibule)
- **12 Bars of Soap**
(Irish Spring works well)
- **Large Kitchen Knife**

Please slice the soap like a loaf of bread. Soap cut into cubes is much harder to use in the shower.

We are called to
MOVE
Mission Outreach Evangelization

Heavenly Father, please hear the prayers of your people: May we always keep those experiencing homelessness in our hearts and our prayers. As we come together in this mission, may our donations, our labor, and our prayers work together for the good of the people who receive assistance from Jericho Way and for all those in need throughout the world. Inspired by the Holy Spirit, may all who are touched by this mission draw closer to Jesus and discover new ways to love and help those in need. We make this prayer through Christ our Lord. **AMEN.**

Instructions

Step 1 Slice the soap into 8 pieces with a large kitchen knife

If you want to measure it before cutting - great.
If you're not that patient, no worries ... here's a trick:

First, cut the bar in half, then cut each half in half, then cut quarter in half.

Step 2 Bag the soap

Your pack will have 100 bags - enough 12 bars of soap. Some pieces might break - that's OK.

Step 3 Return the soap

Please return your completed soap and any unused bags to the HOPE Carts

Thank you for your generosity!
